100 MEN
Next Sunday morning, April 4, Hudson Malone, teacher of the Men's Bible Class in Albany, Ga., will have charge of the same class at the Elba Methodist church. Members of the class are making strenuous efforts to have at least 100 men present to hear Mr. Malone.

Mr. and Mrs. Malone will be guests in the home of Mr. A. Mrs. Paul Hobbs. A cordial invitation is extended to all men in Elba to attend the Sunday School class.

BALLOT BOX UPSTAIRS

The ballot box that has been located in the Circuit Clerk's office for the past several elections will be moved upstairs at the courthouse to the jury room, Probate Judge J. O. English announced.

He stated the object of adding two new ballot boxes in Beat 6 was to take care of the large increase in voters. In past elections the box in the circuit clerk's office has received more than its proportionate share of ballots cast in Beat 6. So it is being moved upstairs.

Location of the five boxes in Elba May 4 will be: Box 1, Circuit Court room; Box 2, Jury Witness Room; Box 3, City Police Dept.; Box 4, Morrow Gin Co. office; Box 5, Morrow Sisters' Variety Store; Absentee, in the old Treasurer's office.

Judge English requests voters to vote in the box nearest their place of residence to tend to equalize the vote and facilitate counting which will be a long job at best.

THREE STRIKES AND OUT

In carnival parlance, "One baby down and six to go." When Elbert Booser of Anniston announced Monday he had withdrawn from the governor's race it reduced to six who are running for second place against "Big Jim." It is quite generally said that at least two others might as well come down for all the showing they are making.

VOTE NOT SOLICITED

After Supr. S. J. Casey returned from Birmingham where he attended the annual meeting of the Alabama Education Association, he was asked why he failed to vote for "Big Jim" in the straw vote which showed that the teachers endorsed Senator Jimmy Faulkner for governor.

Mr. Casey replied he did not vote for Folsom for the same reason a lot of others didn't; he knew nothing of the balloting until it was over.

ANOTHER FINE RAIN

A general rain crunched all parts of Coffee County Saturday. Dad English, reported the precipitation amounted to 1.55 inches. The rain was steady and did the most possible good. The ground is now in fine condition for planting.

Pea River, according to Mr. English, rose from 7.73 to 10.65 feet. This rise was more than that expected considering the absence of heavy rain, and considerable damage was done to set lines along the river.

"BIG JIM" GOT LETTER

It is reported that Prof. J. C. Dixon, former Elban now living in Los Angeles, recently decided to send a letter to "The Next Governor of Alabama, Montgomery, Ala."

A few days later Prof. Dixon received a reply from James A. Folsom, thanking him for his interest and promised support.

MEET TRIAL SET

At a meeting held in Circuit Judge Eris Paul's office Wednesday morning, Elton Meek was arraigned on a first degree murder charge in the shooting of Homer C. McCord. The case was set for Tuesday morning at 9 o'clock.

By agreement of both parties there will be no special venire. Circuit solicitor Lewey Stephens will be assisted by Keener Baxter, Dotson, attorney for the state, J. C. Fleming and Robert Cannon are the defendant's attorneys.

VISITS MONTGOMERY

State Sen. H. B. Larkins was a visitor to Montgomery last week. While at the Capitol he visited the offices of Gov. Gordon Persons.

PLAY AT FINE LEVEL

The Fine Level Ninth Grade will present a play entitled "Bet-a-Jane from Punkin Lane" on Friday night, April 2, at 7:30 o'clock. Admission is 25c and 35c New Brockton at 2 P. M. and

Multi-Million Dollar Plant to be Built Here

BY PAUL FURNINGHAM

After months of quiet surveying and buying up of large land tracts through agents, the Federal Chemical Company of New York announced today it would locate a huge plant employing 500 workers on the Pea River just below the power house dam.

A company spokesman, who would not allow use of his name, said construction of the multi-million dollar chemical plant would get underway immediately. Except for a few supervisory personnel, all people in the new industry will be locally hired, the spokesman promised.

With announcement of this stimulus to Elba's trade, developments broke rapidly on other fronts.

SOLE COUNTY SEAT

A source close to the governor's office revealed the attorney general has been instructed to prepare an opinion on the legality of Coffee County having a split county seat. A news

leak on the opinion enables The Clipper to state that the branch court house in Enterprise will be ordered closed and all records moved to Elba. The building and lot in Enterprise will be sold to the highest bidder.

Enterprise city officials and the commissioners endorsed the move as being sound financially and agreed it would represent a great savings to the county.

When informed of the new plant going up outside of town, A.C. railroad officials said increased tonnage would make it necessary to run three trains daily into Elba. Trucking lines contacted said they would erect branch terminals in the city to take care of the additional business they expect and the bus lines are talking of putting in a modern passenger terminal.

CONGRESS ACTS

Congressman George Andrews immediately introduced a bill in the House of Representatives to authorize construction of a two-story post office building on the

Dorsey used car lot. He predicted the bill's quick passage. The additional office space would not only take care of the increased postal volume but will also house the state employment office which will open here, the county agent's staff who leave the courthouse in Enterprise and a number of other federal offices which are expected to be drawn here in connection with the operation of the new plant.

Booming real estate values seem a certainty as businessmen start bidding for lots near the square and the influx of workers and supervisory personnel, plumbers, electricians, and others with pieces to sell are expected to reap huge contracts for work at the plant and on businesses that will arise to complement the factory.

F. H. Murphree announced plans to double the number of units at the Elba Motor Court, starting exorbitant prices for their housing units.

BANK DIRECTOR'S MEETING

At the same time John Bronson, president of the Elba Exchange Bank, called a director's meeting for tonight so that his institution could formulate a policy that would enable it to handle the additional business the bank would get. Mr. Bronson feels the minimum expansion required by the bank would be addition of two more tellers, hiring or training of a man to handle business loans and the moving of his offices back to the space now occupied by the

BANK DIRECTOR'S MEETING

draft board.

At The Elba Clipper Paul Cunningham announced the paper would start publication twice a week immediately and would go daily as soon as equipment and adequate plant facilities could be arranged. He stated The Clipper had acquired the Carmichael lot where the newspaper used to be located in an old wooden building. Construction of a modern brick printing plant will start as soon as the architect finishes plans for the building, he commented.

Now for all the folks who have dreamed this far through the article, the writer asks them to take a closer look at the date line on The Clipper.

Clipper Poll Gives H. D. Tillman, "Big Jim" Large Leads

Sheriff H. D. Tillman leads county candidates in a straw poll conducted last week among Clipper subscribers while Elba's own James Folsom commanded a thumping 90 per cent of the votes cast to lead candidates for state offices.

In attempting to find the "trend" voting will take in the May 4 primary, The Clipper received 150 ballots back in its straw poll and here reports how the voting turned out.

Four men are in the race for sheriff but incumbent H. D. Tillman walked off with a commanding 88 per cent of the ballots returned. He received 127 of the 145 votes cast in his race.

James R. Smith had votes 16 per cent, H. D. Williams 7.15 per cent and E. R. Watson 2.15 per cent.

Applying these percentages to a vote of 6,000 in Coffee County, May 4, would give Sheriff Tillman another term in office with out a runoff. If sentiment holds the same, he would get 5,250 while holding Smith to 500, Williams 400 and Watson 50.

HEAD HEAT FOR COLLECTOR

Voters indicate a virtual dead heat between Ben Conner and Lee Littleton in the tax collector's race. A run off is almost a certainty, barring unforeseen developments here. The standings showed Conner in the lead.

REPRESENTATIVE CANDIDATES SWAP VERBAL BLOWS AT RALLY

All the heat at the Pine Level political rally Friday night was generated by the three candidates for the post of Coffee County representative to the state legislature as the men literally brought them up from the floor in their attacks on one another.

Glen Heath of Enterprise started the fray off by saying Coffee County had never had a representation it should have in the state legislature. Striking directly at Stokes he said he would never vote for or accept "vacation pay" as it was authorized by the last legislative session. Heath said he would welcome the opportunity to serve the county at \$20 a day as a representative and would take pay just for days the body was in session.

Heath voiced himself as being in favor of good farm-to-market roads, a rural telephone system, the 18-year-old vote, improved schools and an old age pension. He said he was against the relative responsibility law.

Next candidate to come out swinging was E. O. Griswold of Enterprise. Criticizing Stokes's

record of voting during his four year term in the house, Griswold went on to say he favored Jim Folsom's program which included mail box roads. He also opposed the relative responsibility law.

Enil Stokes started his talk by saying he would not be pushed or controlled by the vested political interests of Coffee County. He reminded Heath that while the state legislators drew \$20 per day six days a week and were in session only two days, the rest of the time was spent on committee work out of the spot light's glare.

During his legislative career Stokes pointed out he was co-sponsor of the bill which recently allowed an increase in old age pension benefits, helped with the teacher tenure bill and \$1 tags for pick up trucks. The young lawyer said he voted for the 60-mile an hour speed limit pushed a veterans bonus measure and aided in passage of the hog cholera law.

COLLECTOR RACE

No matter what candidate the voters chose for tax collector there will be no collector's fee

ner against Littleton in a fight that would likely be as close as the Superintendent of Education. In the race two years ago where Lehman Farris beat O. E. Peacock by three votes.

Jackson W. (Bill) Stokes, showed a good deal of strength in the three-way battle going on for representative to the state legislature. Out of 148 votes cast Stokes came away with an even 100 or 67.5 per cent. E. O. Griswold followed with 33 or 22 per cent while Ben Heath garnered 15 for 10 per cent.

STOKES MIGHT BE A "FIRST"

If Stokes maintains this lead until May 4, he will go back to the state legislature without being forced into a run off. Already the possessor of many "firsts" the Elba attorney would be the only representative in Coffee County history to be elected to a second term in this important post. When sent to Montgomery the first time, he was the youngest legislator in Alabama history to be elected to the state's law making body.

Out of 6,000 possible ballots May 4, he would get 4,000; Griswold 1,320 and Heath 900.

In the other race for a spot in the state legislature, Ben Reeves of Troy gathered 85 of the 135 ballots cast for state senator. Roy Crow also of Troy

FOLSOM GETS 90 PER CENT

Coffee County supported native son, James E. "Big Jim" Folsom with 90 per cent of their

picked up 50. Percentage vote this gives Reeves 63 and Crow 37. If Reeves holds his lead, he will carry Coffee County 3750 to 2220 for Crow on May 4, resulting 6,000 voters going to the polls.

In the other race for a spot in the state legislature, Ben Reeves of Troy gathered 85 of the 135 ballots cast for state senator. Roy Crow also of Troy

added to delinquent taxes. All four men in this race said they would carry out the present policy of adding only the interest of having someone in the office take to the best interests of the counties which he would represent.

Lewey Stephens, unopposed candidate for circuit solicitor, also gave a short talk.

REPRESENTATIVES QUERIED

During the past week, The Dothan Eagle questioned candidates to the state house of representatives how they stood in regard to ex-Governor Folsom's platform. Here are the answers given by the three men in Coffee County.

E. O. Griswold, Enterprise: "I expect to support him, his platform is good, I'm naturally a Folsom man."

R. Glen Heath, Enterprise: "I am just trying to get myself in line nearer being a supporter of Folsom than any other candidate. He's a Coffee County

7971 Voters on Poll List Printed Today

In this week's issue The Clipper is publishing a list of qualified voters, numbering 7971. It is practically certain that more than enough names will be added before May 4 to bring the list to 10,000 registered voters.

This is approximately 30 per cent more qualified voters than ever before in the history of Coffee County.

Statistics showing the number of men women and colored voters by beat as well as a comparison of 1952 figures by beat is shown below.

They really "GO" together

The new I-block Six-Fordomatic Drive combination is available in any of Ford's 14 body styles. Illustrated is the Customline Six Fordor Sedan.

Ford Six and Fordomatic

The new Ford 115-h.p. I-block Six whisks you along silently, smoothly, economically. Its deep-block build provides rigid crankshaft support for smoother, quieter operation. Low-friction design and high-turbulence combustion chambers mean more miles from less gas. And, thanks to the Six's higher compression and increased displacement, you get extra "GO" power at all speeds!

Fordomatic Drive shifts for you more smoothly than you could do it yourself. It's the only "automatic" in Ford's field to combine a fluid torque converter and an automatic intermediate gear. Should you ever need an extra burst of speed for passing or hill-climbing Fordomatic's intermediate gear takes over automatically when you step down on the accelerator.

You get a double-value power package when you buy a '54 Ford with the new I-block Six and versatile Fordomatic Drive. This brilliant Ford engine-transmission combination brings you all the smoothness and flexibility of the finest no-shift driving combined with the extra economy that's built into the industry's most modern, short-stroke, overhead-valve Six. And, of course, you get the smooth, level riding comfort, the easier handling of Ford's Ball-Joint Front Suspension, a feature exclusive to Ford in its field.

Remember, too, a Ford Six with Fordomatic Drive is automatically worth more when it comes time for you to sell!

We cordially invite you to Test Drive the **Fordomatic Six**

—50 Years Ago—

Indications are that Coffee County will poll between 1000 and 1700 votes in the spring primary, which will be a record.

Mrs. J. B. Vaughn and children of Montgomery are visiting relatives. They intend to stay in Elba for several months.

Electric
Cooking is
Clean

THERE'S nothing about electricity that can smudge pots and pans, curtains or walls. Cooking utensils remain new looking for years because electric heat itself is clean. Kitchen walls need repainting less often . . . curtains need not be laundered so frequently. More and more women are cooking electrically not only because it's CLEAN, but because it's SAFE . . . FAST . . . DEPENDABLE . . . and ECONOMICAL.

At the March 23 meeting Mayor Mullins was given the opportunity to purchase 80 city keys, spread \$350 on a termite control program for city hall and got along with roof repairs, splitting costs with the Masonic Lodge.

Photos is tricky business, requiring a good knowledge of the building layouts and a keen sense of observation.

In taking down "mystery farm" photos, the photographer flew early 400 miles back and forth across the state several times. Upper Farms were selected at random.

Farming today is big business. Investments in land, live-stock, buildings and machinery are shown in the series of aerial photos, and the picture series is a tribute to agriculture.

PEAKING DATE FOR 'BIG JIM' SET BACK TO APR. 21

Dr. Tolson called Van Dine yesterday morning announcing that his brother, "Big Jim" W. J. Van Dine, will be in the hospital April 21 at 7:30 P. M. He will peak at Enterprise at 10:30 A. M. and at New Preston at 1:00 P. M. That day, Ozark is expected to be 3 P. M.

Arrangements are being made to make the night of April 21 in Elba a big occasion. "Big Jim" has been down since he was 17 miles from Alabama and his swarms of "green lies" in this area are predicting the crowd here will be among the largest he has taken to anywhere.

Blacks Play Golds This Afternoon

Charles Frank Buckner and football practice session for the football team will end Thursday with an intra-squad game between the Black and Golds at the football stadium.

Coach Buckner states the Crunch have put in a lot of long, hard hours training and is pleased with their showing.

Elba Lady

Asked her to speak to them on making hats and kept her for 20 hours answering questions, so much so that she was forced to show her hats in a fashion show staged in Opp.

But every story has its martyr. In this case it's Mrs. Dorsey's husband, Henry. When the hat-making hobby really took hold, it was run out of his study. It is said out better than any other room in the house for the production of turning out hats. For the past two years he has had read and study elsewhere—so as one day hope to return on his wife's hobby would outgrow the study.

In explaining the demand for Mrs. Mary Virginia hats, Mrs. Dorsey said there is a terrific shortage of turning out hats. For example, she told of Columbia, S. C. where she stayed last year. She said that at Ft. Jackson, the town had only one milliner and she was 65-year-old. The average town can't have anyone with that training.

Now Mr. Dorsey is faced with the problem of turning out hats into a bigger enterprise and getting help or restricting output. Under present conditions, she said she can take care of.

SALES IN BLOSSOM

Elba has many yards now in the azaleas are in full bloom. Some of the most beautiful are the big ones in D. Ferduze's yard in West Elba. Of those the Mrs. C. C. Smith property, occupied by Mr. Mrs. J. W. Moody.
